## THE REDUCTION

### Japs Turning Their Attention to Golden Hill

## THE FLEET IS DESTROYED

The Works at Golden Hill Said to Be Seriously Damaged—There Appears to Be No Change in the Manchurian Situation.

St. Petersburg, Dec. 12.—The general staff has no information confirmatory of a foreign report of a Japanese advance before Mukden. According to official reports, no fighting on a large scale is in progress or imminent. On the contrary, the situation is practically unchanged.

**SHAKHE SKIRMISHES.**  
Tokio, Dec. 12.—A dispatch from the headquarters of the Japanese army in Manchuria says: "At 2 in the morning of December 11 a body of the enemy's infantry attacked Peltaitau, but at dawn was completely repulsed and retreated northward."

"In the afternoon of December 11 the enemy's artillery holding the position west of Manpao mountain opened a cannonade against Yaotun and Tang-chapao and the enemy's artillery posted west of Da mountain shelled Putaowa. Neither caused damage."

**JAPANESE ARE SILENT.**  
General Oku's Headquarters, Dec. 11.—The Russians along the front of Oku's army are continuing an artillery fire day and night, to which the Japanese are not replying. There is no anticipation of an immediate Russian movement southward.

**FINISHED THE FLEET.**  
Tokio, Dec. 12.—The commander of

the Japanese naval land battery reported today that four Russian battleships, two cruisers, one gunboat, and the torpedo store ship lying at Port Arthur are completely disabled. There is no further necessity of bombarding the Russian naval force. The Japanese are now engaged in shelling the town of Port Arthur, which is being heavily damaged.

**BOMBARDING THE TOWN.**  
Washington, D. C., Dec. 12.—The Japanese legation has received the following cablegram from Tokio: "The Japanese headquarters at Port Arthur reports its bombardment has inflicted considerable damage upon Golden Hill, and also set the arsenal on fire."

**NURSE'S CARELESSNESS.**  
To Be Made the Subject of a Wyoming Investigation.

Cheyenne, Dec. 12.—State Auditor Grant and Superintendent of Public Instruction Tynan, members of the state board of charities, have gone to Rock Springs to investigate the charge that Phillip Wolf died in the state hospital there in consequence of improper nursing, the coroner's jury having returned a verdict to that effect.

Wolf was shot several weeks ago by George Ahlf in a duel. He was recovering when it is alleged, his wounds were washed by an inexperienced nurse with bedbug poison instead of the usual solutions causing inflammation and gangrene.

## A HEADLESS SKELETON

The Most Eloquent Witness Yesterday in Nan Patterson's Case.

New York, Dec. 12.—A headless human skeleton, the dorsal vertebrae and ribs played an important part in the trial of Nan Patterson for the murder of Caesar Young today. The gruesome exhibits were made use of in the examination of Dr. Phillip O'Hanlon, the coroner's physician who performed the autopsy on Young's body. Miss

Patterson's counsel protested at the use of the skeleton, asserting that it did not compare correctly with the structure of the dead man's body, but his objections were overruled.

The skeleton was used to describe the course of the bullet after it entered Young's body. The prosecution contended that it had gone straight to the spine, which the state lawyers believed proved that Young did not kill himself. Assuming that Young, with the pistol in his right hand, had crossed it over his chest and shot into his left side, the prosecution contended that the bullet would have traveled to the left. The fact that it flew straight toward the spine was advanced as proof that the wound was not self-inflicted. Dr. O'Hanlon was positive that the bullet had taken a straight course to the right.

Lawyer Levy, for the defense, tried to gain an admission that the muscular covering of the ribs at the point of entrance of the bullet might have deflected its course, but Dr. O'Hanlon declared that there had been no deflection until the bullet struck the spine. When Mr. Levy asked Dr. O'Hanlon if he had not at first declared the case to be suicide, the prosecutor objected and the objection was sustained. Dr. O'Hanlon testified that he had found powder marks on Young's fingers. His testimony as to the course of the bullet was corroborated by Dr. Rigins of the Hudson street hospital.

William Stemm testified that the driver of the cab lifted the trap and looked in after the shot was fired. Justice Davis said from the bench that gross impropriety had been committed by the newspapers in publishing what purported to be the views of the jurors concerning the case. He cautioned the jurors not to discuss the testimony even in their own families.

## THE LAND THIEVES.

The Oregon Conspirators to Be Tried Again.

Portland, Ore., Dec. 12.—Alleging that S. A. D. Putter and others who were charged with him of conspiring to defraud the United States government of public lands are about to be tried a second time for the same offense, the attorneys for the defense this afternoon appeared before United States district court seeking an arrest of judgment in the case concluded last week, when the defendants were declared guilty on all the counts.

The attorneys for the government admit the instances to be similar, but claim that legally another conspiracy was entered into when land other than 11-7, the subject of the last trial, was acquired.

## TWICE IN JEOPARDY.

Portland, Ore., Dec. 12.—Before the trial of the second of the land fraud conspiracy cases which was to have commenced in United States district court tomorrow Judge C. B. Bellinger will rule on the plea made today by attorneys for Marie Ware, acquitted, and Horace G. McKinley and S. A. D. Putter convicted of conspiring to defraud the government out of public lands located in township 11 south, range 7 east. They contend that if persons are charged with the several acts of conspiracy to defraud and separate indictments are returned for each act each act does not constitute a separate crime, but is presumed to be an act in the furtherance of one conspiracy embracing all the alleged acts of fraud and conviction or acquittal on all. On the ground that a person cannot be twice placed in jeopardy for the same offense they claim immunity from prosecution on the other conspiracy indictments.

The effect of this latest move of the defendants to avail themselves of every technicality of the law, would be, in case they are sustained, to bring to an end all subsequent proceedings against those defendants already convicted of conspiracy. It was the intention of the defense to bring the matter before the court today, but the non-appearance of Judge Bellinger prevented and it will probably be settled tomorrow.

## A RAILROAD CHANGE.

General Manager Martin of El Paso and Northeastern Resigns.

His successor has not yet been named, but it is stated that General Superintendent D. Sullivan, will be promoted to fill the vacancy.

For fourteen years W. R. Martin was division superintendent of the Galveston, Harrisburg and San Antonio railway with headquarters in this city. He became general manager of the Northeastern one year ago.

## MUST STAND TRIAL

### Two Indictments Against Mrs. Chadwick

The Woman Gives up and Will Return to Ohio to Face the Charges Against Her.

Cleveland, Ohio, Dec. 12.—Trouble for Mrs. Cassie L. Chadwick increased at a rapid rate today. She was twice indicted by the grand jury of Cuyahoga county, and her old time friend, Irvin Reynolds, took the stand in court and made evidence of his intention to shield and protect her no longer.

The aged secretary of the Wade Park bank presented a pathetic picture as he answered the questions which brought out his implicit faith in the woman whose financial transactions have well nigh ruined him in fortune and caused him such infinite trouble. He gave evidence, too, that he still believes his trust was justified. Only one query he attempted to evade. This was when he was asked how much of his personal estate had passed into the possession of Mrs. Chadwick. His eyes filled, and he requested that he be excused from answering. The question was not pushed. Formal indictments were returned against Mrs. Chadwick this afternoon on two counts, one upon the Carnegie note for \$250,000 which was made payable at the office of Andrew Carnegie in New York city, and the other one on the Carnegie note for \$500,000 which was made payable at the National Bank of Commerce in New York. Under each indictment are two counts, one charging forgery, the other the uttering of forged papers.

Information of indictments was at once wired to New York by County Prosecutor Keeler, and he requested that Mrs. Chadwick be immediately rearrested if she secured bail on the other charges hanging over her.

## MRS. CHADWICK WEAKENS.

The Cleveland Grand Jury Inflicted a Crushing Blow.

New York, Dec. 12.—Mrs. Cassie L. Chadwick was overwhelmed by the developments of her case in Cleveland today, and the statement was made by one close to her that she would probably give up the fight here and return to Cleveland tomorrow night in the custody of United States officers. She did not dispute the double indictment, which was returned against her by the Cuyahoga county jury, after the failure of the Lorain county grand jury to find a probable cause of action. Mrs. Chadwick is of the opinion that if she must face these charges she will not bet her off in her home city than in New York. It is known that her counsel have strongly advised against this course of procedure, but Mrs. Chadwick insists that she be given free rein.

## TWO BILL'S.

It Is Possible to Send Mrs. Chadwick Up for Twenty Years.

Cleveland, Dec. 12.—The grand jury was in session the greater part of the day and five witnesses were heard. As soon as the indictments had been voted it was announced by Prosecutor Keeler that the jury would further consider the Chadwick case and forthwith subpoenas duces tecum were issued for Irvin Reynolds, secretary and treasurer of the Wade Park bank, who is expected to tell the vast amount of securities on which Mrs. Chadwick has managed to obtain her many loans. A subpoena was also issued for H. W. Bell, a receiver of Mrs. Chadwick's property, who was appointed by the state court under the action of Banker Newton of Boston, plaintiff in a suit for a large sum against Mrs. Chadwick. Both will be commanded to bring before the jurors all the securities in their possession bearing the signature of Andrew Carnegie.

Prosecutor Keeler, after the indictment against Mrs. Chadwick had been returned, announced a hope of securing indictments against other persons who have been concerned in the affair. The grand jury will resume consideration of the Chadwick case at 9:30 tomorrow morning.

T. E. Whitney, son of one of the stockholders of the Citizens National Bank of Oberlin, today presented to the jury the \$500,000 note with the alleged signature of Andrew Carnegie. The note is dated two days earlier than the one for \$250,000 and is made payable at the National Bank of Commerce. There had been an absence of certainty as to the existence of such

note. With the possible exception of Mrs. Chadwick, Spear and Beckwith having had a glimpse of it, it had never been seen, not even by Mr. Whitney himself, until it was produced before the grand jury this afternoon. The note had been placed in an envelope, which in turn was in a second envelope and the two into a third envelope and sealed.

Some dispute between Beckwith and Spear as to ownership of the note is understood to have arisen soon after Mrs. Chadwick had presented it to the bank officials as security for the money, and it was decided to put it into Whitney's possession as trustee. The latter did not know at the time that it was not genuine. Another note for \$250,000, which figured in the testimony was made payable at Mr. Carnegie's office in New York city.

The maximum penalty for the offense charged in the indictment is twenty years on conviction.

## CRASHING MARKET

### No Effort Made to Sustain Prices

### Greene Consolidated Copper Took a Tumble of Ten Points, the Most Sensational Break of the Day.

New York, Dec. 12.—Beginning with heavy declines in Amalgamated Copper, today, the stock market was weak throughout the entire session, occasional rallies failing to hold prices for more than a few minutes at a time. Although values crumbled away rapidly, there was little excitement in the street. The brokers seemed to have nothing but selling orders, they said, and they did not look beyond that fact, and the recent reckless speculation and campaign by newspaper advertisements against a copper stock to lead reasons for the drop in prices. Money was scarce and loans were made freely, but collateral was scrutinized very carefully.

The market closed weak, with prices generally at the lowest. More than 2,000,000 shares of stock changed hands during the day. The selling wave continued nearly all forenoon, with only temporary reaction, and about noon the market showed no further weakness. An impressive feature of the forenoon was heavy selling by London houses. Sales of London houses were largest in the steel stocks. There was a New York supply of stop loss orders on hand, but the shorts did not fare much worse than some others.

The violence of the opening declines was so great and so pronounced that many brokers and traders on the floor were overwhelmed with surprise, and a little while were quite puzzled. Any market to support that may have existed was without the slightest effect.

One of the most sensational breaks was in Greene Consolidated Copper on the curb. It had been selling around 31 early in the day and had declined steadily. In the afternoon the stock broke nearly ten points to 22.

## METALS.

Copper ruled firm abroad, closing at £66 for spot and £66 7s 6d for futures. The situation remains unchanged in the New York market, with lake quoted at \$14.75@15.12; electrolytic at \$14.75@15.00; casting at \$14.50@14.75. Lead was unchanged at \$4.60@4.70 in the local market and at \$12 7s 6d in London. Spelter closed at \$24 17-6d in London and was also unchanged in the New York market, where the quotations stand at \$5.75@5.87 1/2. Silver, 60 1/2; Mexican dollars, 49 1/2.

## GRAIN.

Chicago, Dec. 12.—Enormous receipts of wheat in the northwest had a depressing influence on speculative prices here today. Initial quotations were \$1.08 1/2@1.09 1/2. After selling off to \$1.08@1.09 1/2 the price fell 1 1/2 to 2 cents. On a rally the market rose to \$1.10@1.10 1/2, but turned weak again, declining to \$1.09 1/2. Final quotations were \$1.09 1/2@1.09 1/2. May corn opened at 44 1/2@44 1/2, sold here at 44 1/2@44 1/2, and closed at 44 1/2. May oats opened at 30 1/2@30 1/2, sold up to 30 1/2@30 1/2, and closed at 30 1/2. Local receipts were 194 cars.

## GOV. BRODIE IN CHARGE

He Will Select President's Guard of Honor for March 4.

Washington, Dec. 12.—President Roosevelt's guard of honor in the inaugural parade on the fourth of next March will be a squadron of picked men from his old regiment of Rough Riders, the First United States Volunteer Cavalry.

Col. A. O. Brodie, governor of Arizona and Major W. H. Llewellyn, formerly of the Rough Riders, took luncheon with the president today and arrangements for the guard of honor were made at that time. It is the wish of the president that Col. Brodie select from members of the regiment a squadron of from thirty to fifty men to act as his special escort on inauguration day. He also particularly expressed a wish that no other members of the

Rough Riders than those selected by Col. Brodie take part in the parade. The president desired Colonel Brodie to inform the members of the Rough Riders that he would attend the annual reunion of the regiment at San Antonio the latter part of next March, and after the reunion the president will probably take a hunting trip with Major Llewellyn.

## THE PURE FOOD BILL

### Engages the Attention of the Senate. The Philippine Bill Also Up—The Senate Investigating Committee Takes up the Smoot Case Again.

Washington, Dec. 12.—The house transacted quite a large amount of miscellaneous business today, starting with pension bills and considering the Hill financial bill later in the day. A number of bills of a local character were passed and an adjournment was forced for lack of a quorum, when an attempt was made to pass a joint resolution granting use of the Washington monument for an American appliance exhibition.

The bill transferring the forest reserves from the department of the interior to the agricultural department, which has been pending for several years was passed.

## THE SENATE.

Washington, Dec. 12.—The senate had under consideration today the pure food and Philippine government bills. The debate on the former was postponed to calling attention to the inadequacy of the protection accorded the people of the United States against impure foods and drugs.

## THE SMOOT TRIAL.

The Hearing of the Case Resumed by Senate Committee.

Washington, Dec. 12.—Three witnesses were heard today in the case of Senator Reed Smoot before the senate committee on privileges and elections. The committee resumed its investigation after a long recess. The first witness was Rev. J. M. Buckley, editor of the Christian Advocate of New York, who told of a Mormon meeting he attended in Salt Lake last summer, in which President Joseph Smith declared that he would not give up his plural wives. George Reynolds, high official of the church testified in regard to the ceremonies that have taken place in the Endowment House and concerning ecclesiastical divorces granted by the church. John Henry Hamlin told of the plural marriage of his sister Lillian Hamlin to Apostle Abram Cannon. After which ceremony he said he understood which ceremony had been performed by President Smith since the manifesto of 1890. Most of the testimony related to the inside church policy, but did not connect Senator Smoot with any of the alleged violations of national or state statutes. The committee adjourned until tomorrow.
